

# SUNBAR2000FC - ALL (30°)

126K Lumen RGBW LED graphic strobe batten with interchangeable lenses

## Goniophotometers Diagram

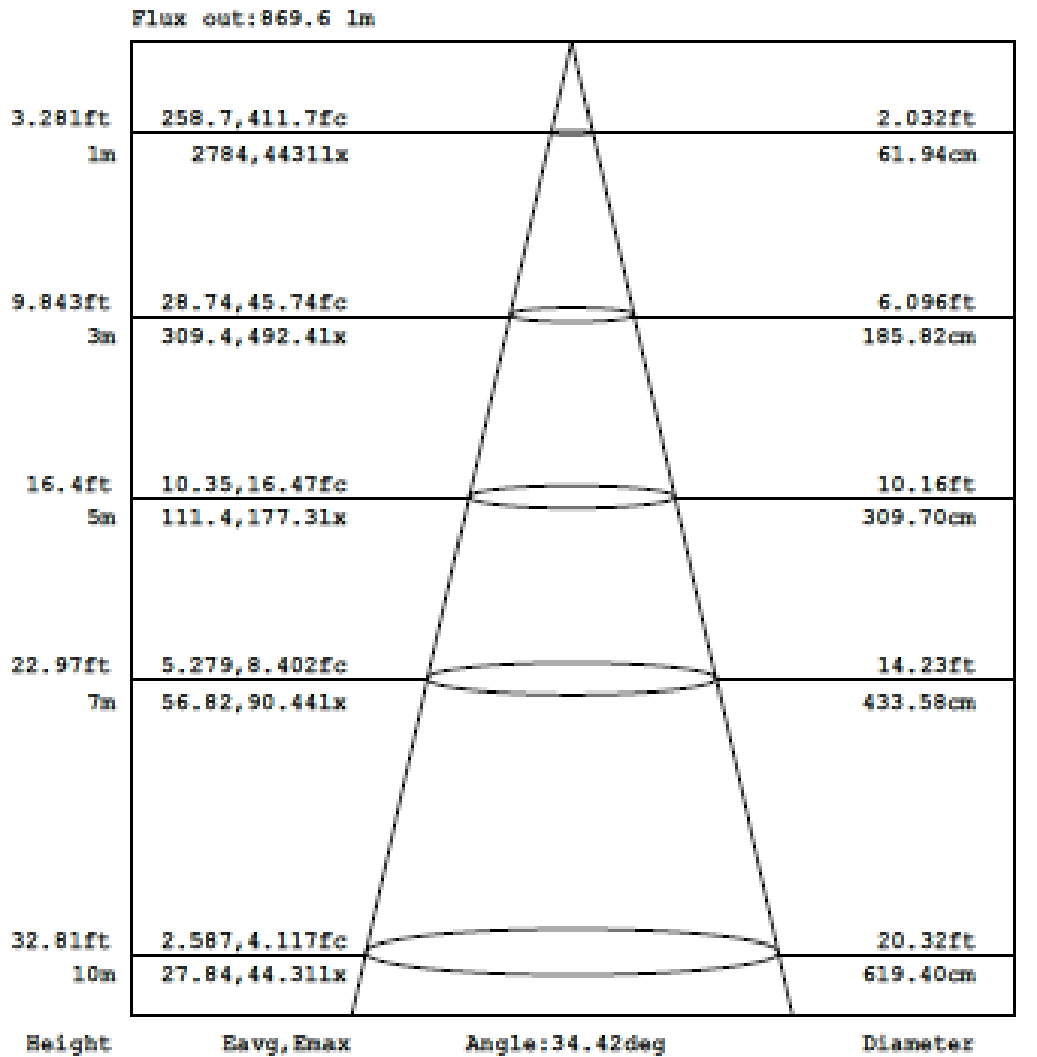

Note: The Curves indicate the illuminated area and the average illumination when the luminaire is at different distance.

# SUNBAR2000FC - BLUE (30°)

126K Lumen RGBW LED graphic strobe batten with interchangeable lenses

## Goniophotometers Diagram

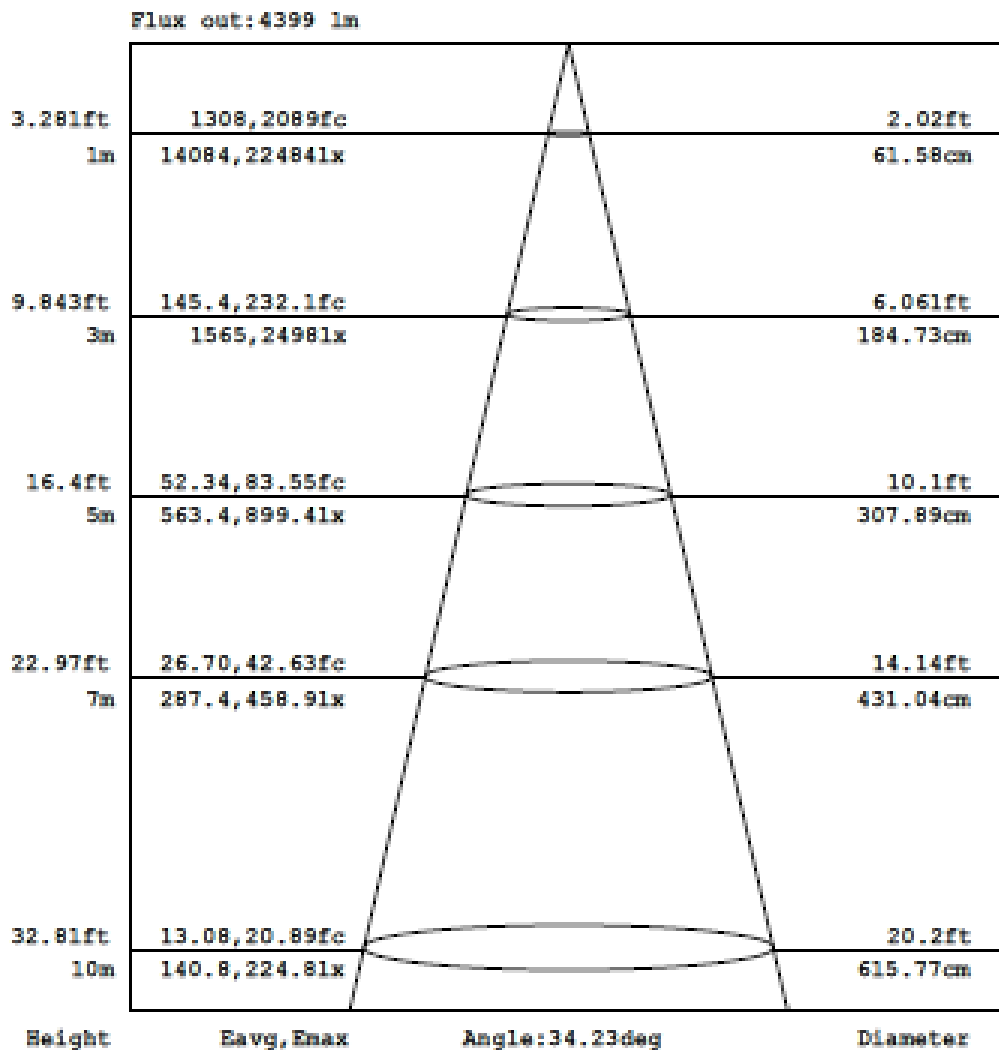

Note: The Curves indicate the illuminated area and the average illumination when the luminaire is at different distance.

# SUNBAR2000FC - GREEN (30°)

126K Lumen RGBW LED graphic strobe batten with interchangeable lenses

## Goniophotometers Diagram

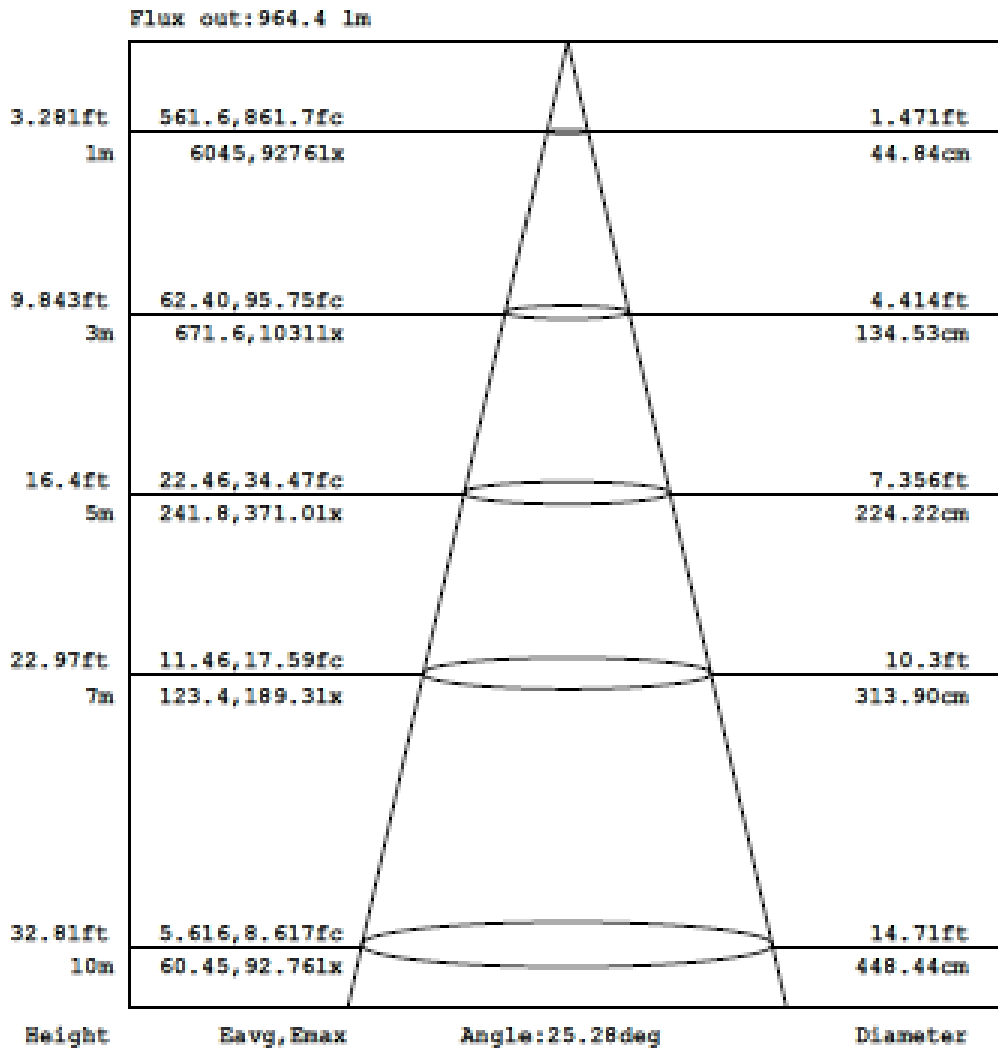

Note: The Curves indicate the illuminated area and the average illumination when the luminaire is at different distance.

# SUNBAR2000FC - RED (30°)

126K Lumen RGBW LED graphic strobe batten with interchangeable lenses

## Goniophotometers Diagram

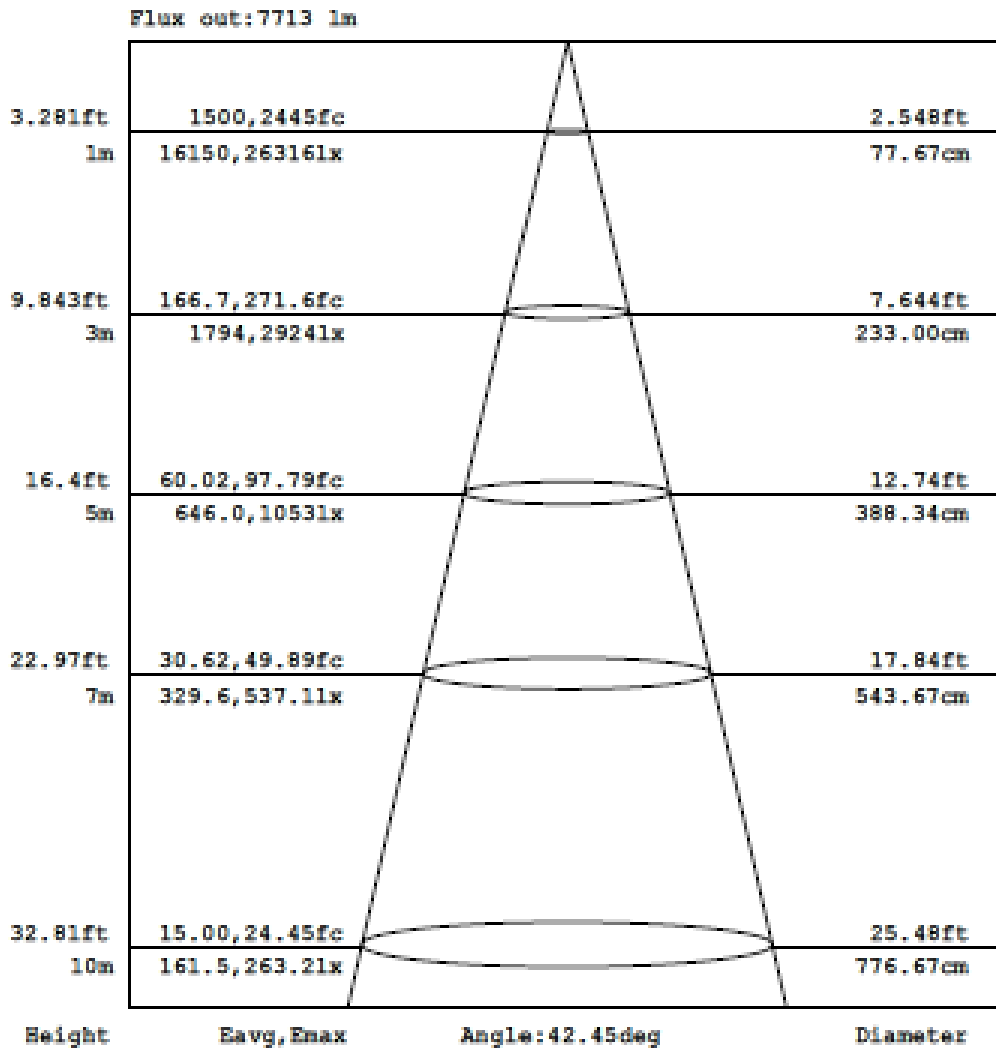

Note: The Curves indicate the illuminated area and the average illumination when the luminaire is at different distance.

# SUNBAR2000FC - WHITE (30°)

126K Lumen RGBW LED graphic strobe batten with interchangeable lenses

## Goniophotometers Diagram

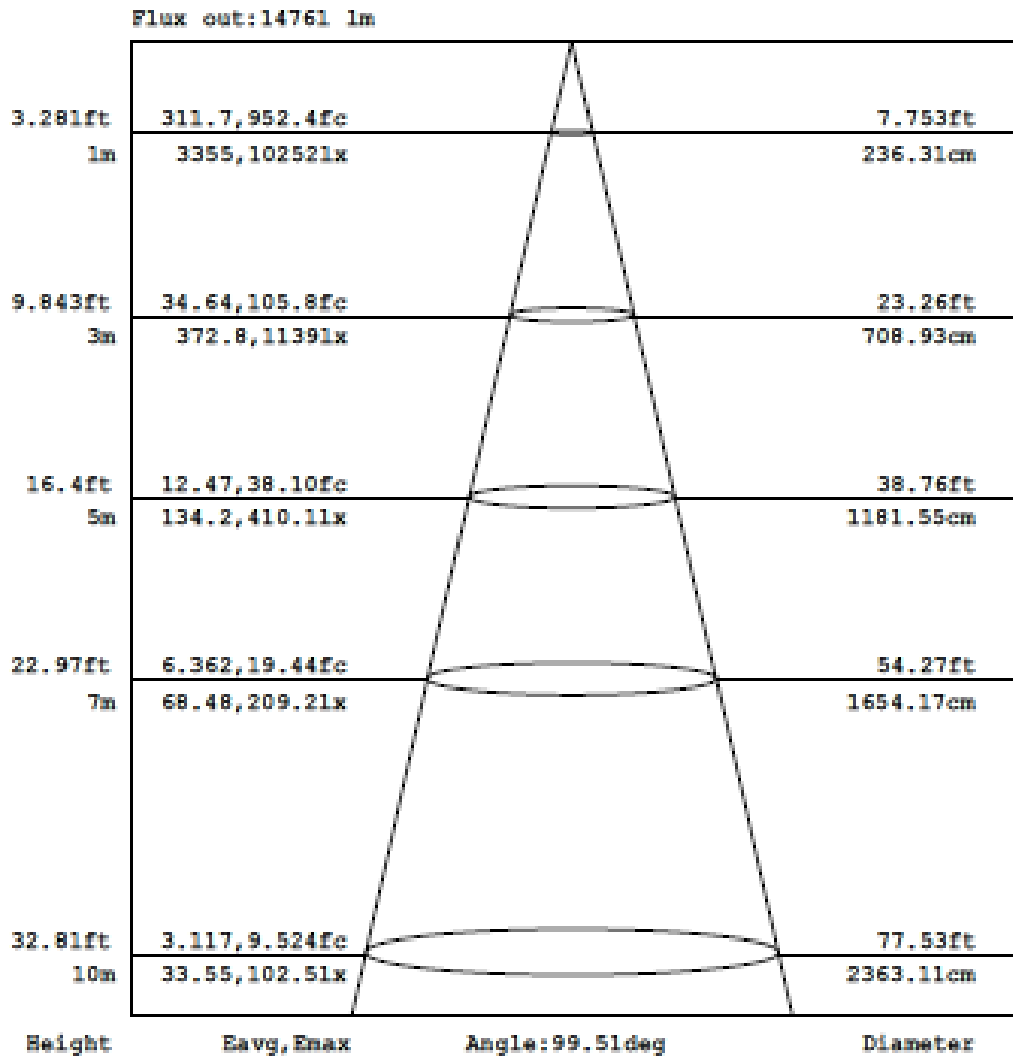

Note: The Curves indicate the illuminated area and the average illumination when the luminaire is at different distance.

# SUNBAR2000FC - ALL (100°)

126K Lumen RGBW LED graphic strobe batten with interchangeable lenses

## Goniophotometers Diagram

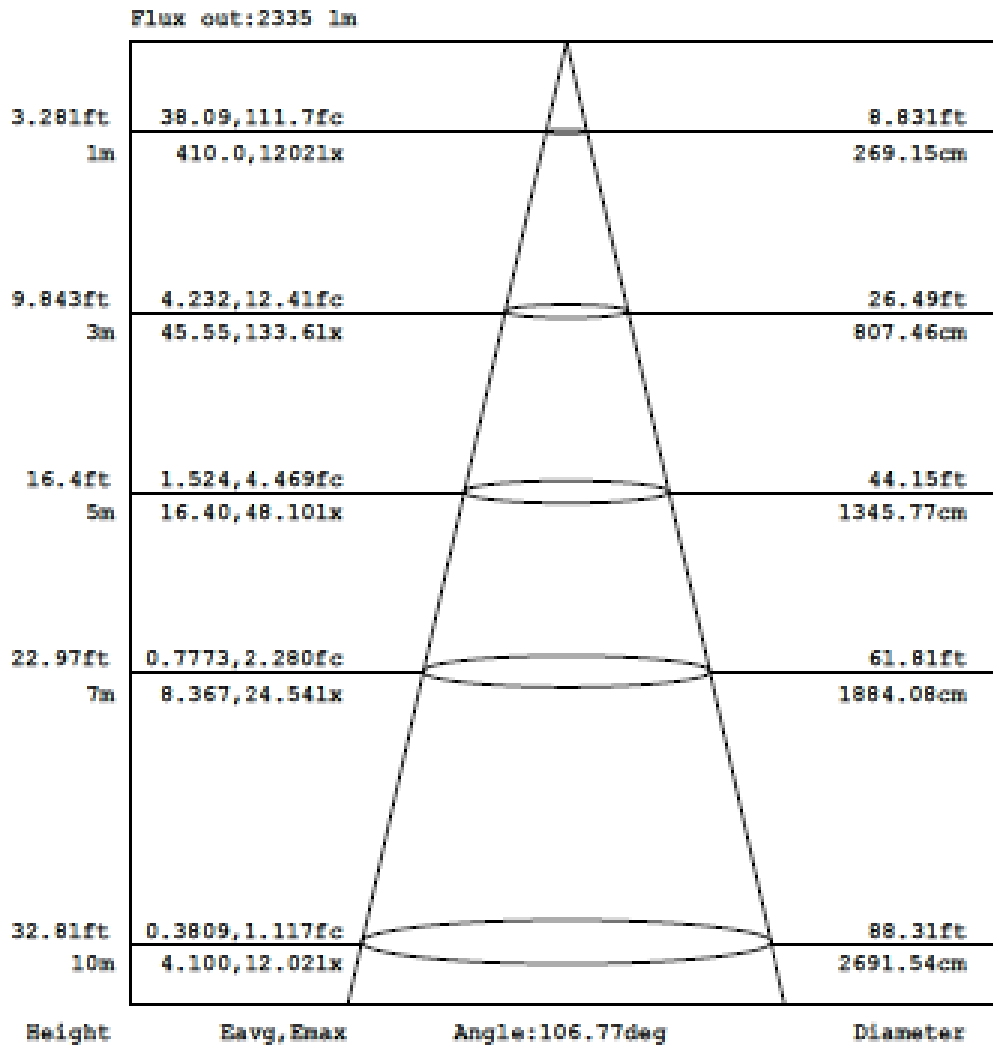

Note: The Curves indicate the illuminated area and the average illumination when the luminaire is at different distance.

# SUNBAR2000FC - BLUE (100°)

126K Lumen RGBW LED graphic strobe batten with interchangeable lenses

## Goniophotometers Diagram

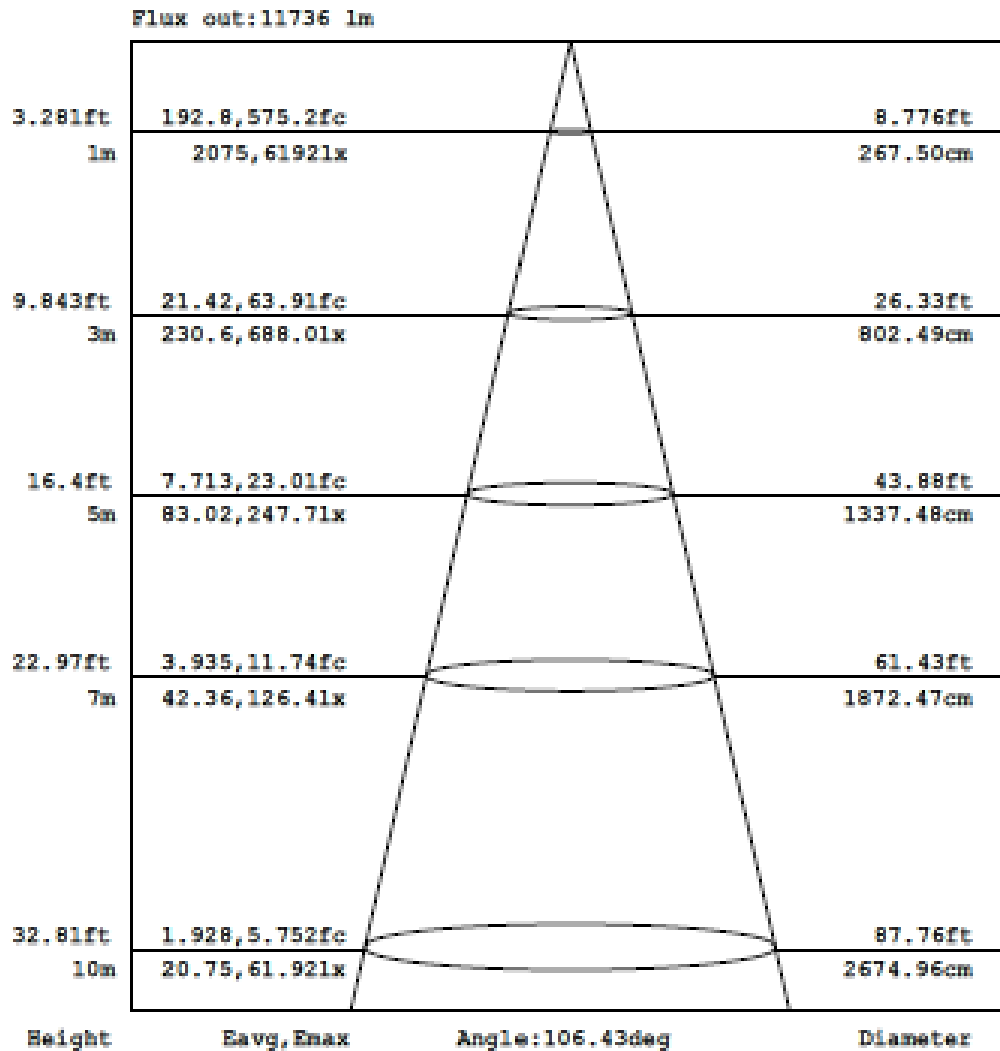

Note: The Curves indicate the illuminated area and the average illumination when the luminaire is at different distance.

# SUNBAR2000FC - GREEN (100°)

126K Lumen RGBW LED graphic strobe batten with interchangeable lenses

## Goniophotometers Diagram

Note: The Curves indicate the illuminated area and the average illumination when the luminaire is at different distance.

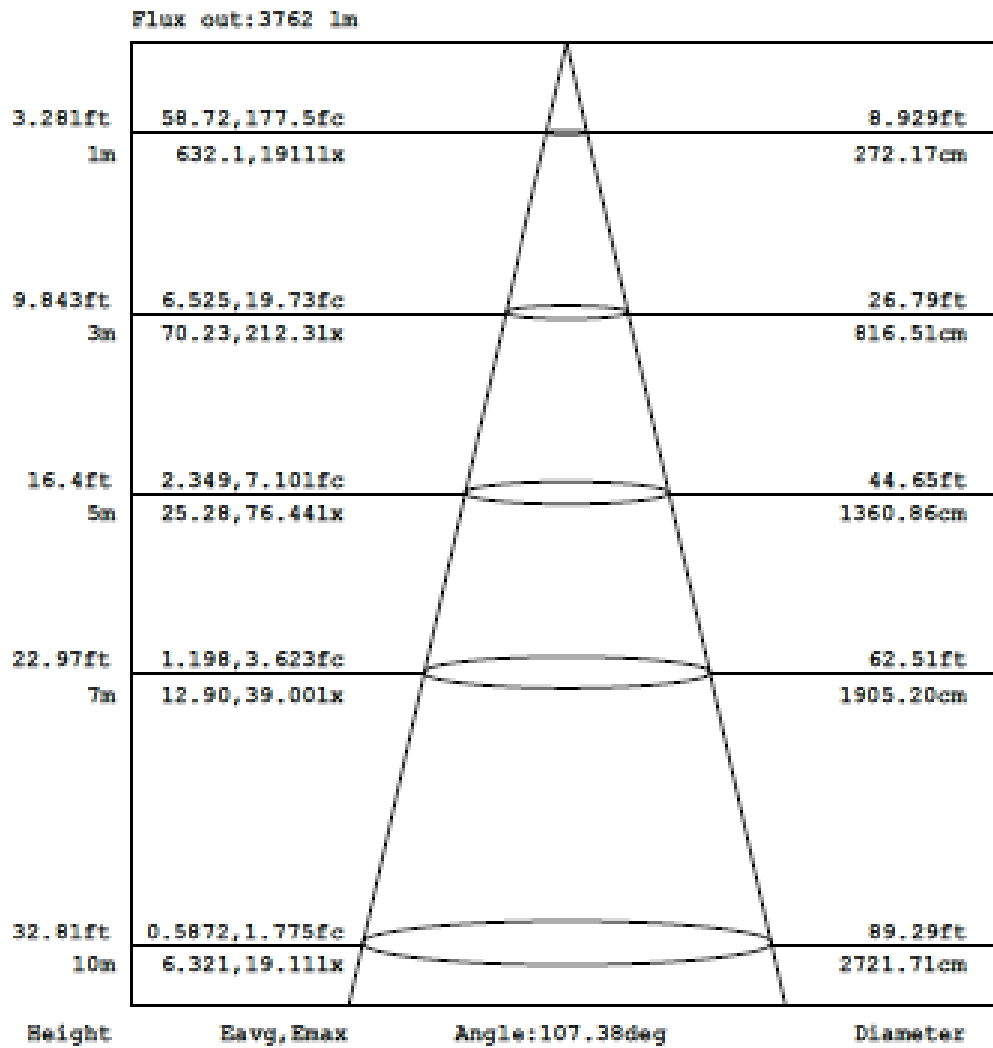

# SUNBAR2000FC - RED (100°)

126K Lumen RGBW LED graphic strobe batten with interchangeable lenses

## Goniophotometers Diagram

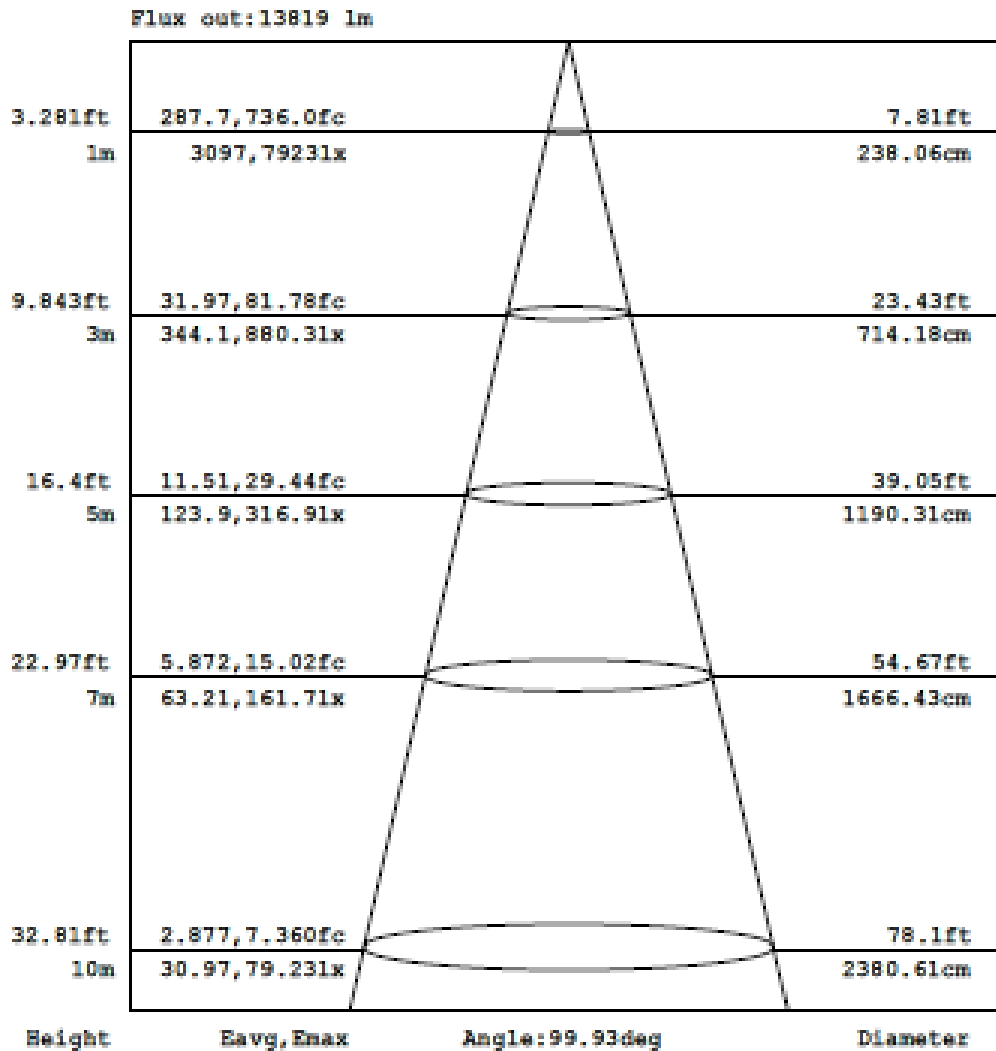

Note: The Curves indicate the illuminated area and the average illumination when the luminaire is at different distance.

# SUNBAR2000FC - WHITE (100°)

126K Lumen RGBW LED graphic strobe batten with interchangeable lenses
